& WELL-BEING
IMPLEMENTATION PROJECT

EU Safer Nightlife projects evolution

From Harm Reduction leaflets to NEWIP

Euro-TC & IREFREA Conference | Coimbra

SAFER NIGHTLIFE EU NETWORKING

The BASICS Network (1998)

The Democracy Cities & Drugs Safer Nightlife workgroup (2005-2011)

The Nightlife Empowerment and Well-being Implementation Project (NEWIP)

OTHER EU PROJECTS

The Club Health Project

The Healthy Nightlife Toolbox

The Rednet project

...

SHARING - THE CONTEXT ANALYSIS

- PRINCIPLES
- VALUES

For example:

- Numerous persons want to consume drugs and will do it
- Consuming drugs doesn't necessary means « having problems »
- A drug consumer can be interested in tacking care of his health
- It is more efficient to work on other risks than « addiction »
- The priority is the quality of life and the well being of individuals and communities

IN THE 90s

PUBLIC & SPACES

- Mainly electronic free parties
- Focus on Ecstasy users

ACTIONS & STRATEGIES

- Field work
- Peer work
- Risk reduction

TYPES OF PARTNERSHIP

- Peer group NGOs start EU networking

IN THE 2000s

PUBLIC & SPACES

- All types of venues (Clubs, festivals, parties)
- All types of publics & problematics (health, drugs, mobility, sexuality, external environment, violence)

ACTIONS & STRATEGIES

- Field work
- Peer work
- Risk & pleasure Management
- Health Promotion
- Community empowerment
- Participative democracy for nightlife city planning

TYPES OF PARTNERSHIP

- EU partnership (NGOs & Admin)
- Local partnership (NGOS, Admin & Nightlife professionals)

IN THE 2010s

PUBLIC & SPACES

- Implementation of Safer Nightlife projects in more cities and regions

TYPES OF PARTNERSHIP

- EU & Local partnership (NGOS, Admin & Nightlife professionals)

ACTIONS & STRATEGIES

- Coordination
- Dissemination
- Evaluation

THE EUROPEAN NETWORK FOR SAFER PARTY LABELS

The network aims to improve nightlife settings through community empowerment among European cities and regions by implementing quality Labels and Charters for nightlife venues and by enhancing existing ones.

START A LABEL IN YOUR CITY

Ask for an expert visit + guideline “10 things you should know...”

WWW.PARTYPLUS.EU

NEWIP | STANDARDS

To improve field work interventions: improving and standardizing existing interventions reducing synthetic drugs related harm, facilitating their transferability and implementation.

Based on:

- EQUUS
- Preffi 2.0
- The Healthy Nightlife Toolbox handbook

NEWIP | EMERGING MEDIA

To develop innovative technologies and communication tools for harm-reduction/prevention practices

To improve and innovate field work interventions (attraction power, interactivity, users participation...)

To adapt responses to partygoers lifestyle, languages, trendiness, mobility.

To test and validate NEW solutions efficiency and efficacy

To train peers/professionals in the use of new media in night interventions settings

NEWIP | TRAINING

To train peers/professionals for the creation of a multidisciplinary European team to work at party settings.

The topics of the training will include: chill-out intervention, crisis intervention, use of multimedia materials, emerging issues, cultural specificities, research and evaluation, exchange of best practice, etc.

NEWIP | FIELD INTERVENTION

To promote well-being within recreational settings by implementing health promotion actions in 6 summer European festivals.

The logo consists of the text 'NEWIP' in a bold, orange, sans-serif font, followed by a vertical bar and the text 'TED1' in a thin, grey, sans-serif font. The entire logo is contained within a white rectangular box.

NEWIP | TED1

TRANS EUROPEAN DRUG INFORMATION

To develop a private electronic database with the relevant data of the groups

To standardize the drug checking protocols of each group and to develop a guide on counselling

To detect new trends and subjective effects of new drugs

To diffuse the warning alerts, synthetic drug trends reports (July 2012) and scientific articles

To develop two training sessions
